

GET INVOLVED!
we offer training and support.

ANTI-POVERTY NETWORK SOUTH AUSTRALIA

Anti-Poverty Network SA is an alliance of those with first-hand experience surrounding Australia's punishing welfare system.

THE POVERTY MAKES US SICK CAMPAIGN.

A call on health organisations to join us to speak out about the health crisis caused by grossly inadequate Centrelink payments and punishing new rules.

THE TREK FOR JOBS, JUSTICE, AND DIGNITY.

October walk from Port Adelaide to town, following the footsteps of the 1931 Beef March of 1,000 unemployed people.

WHAT WE DO!

We provide advice and support to those dealing with Centrelink, job agencies, and disability employment services, while letting job-seekers know their rights. We fight for a just and generous,

welfare system, and for policies that treat welfare recipients with respect. We run campaigns around raising

Newstart Allowance, cashless welfare, Work For The Dole, and Centrelink debts.
